Description

OBER grinders incorporate more than 50 years of experience and expertise in the design and manufacture of pneumatic tools. They are renowned for their strength and ideal power-to-weight ratio. The OBER grinder range includes straight grinders, vertical grinders, angle grinders and belt sanders. There is a type and model for practically any application. We have a complete range of accessories for cleaning, deburring, engraving, finishing and polishing on any type of material. Vertical and angle grinder models can be fitted with discs (Ø 22 coupling with hollow centre) and wire cup brushes. Grinders are fitted with disc guards, a safe-start lever designed to prevent accidental starting and an exhaust air silencer with angle adjustment and extractor connection.
